

NEUTRAL DETERGENT

DESCRIPTION

Sanitizing detergent with neutral pH suitable for routine cleaning of any type of surface. CIBERNET acts effectively without affecting the surfaces in any way and without leaving residues or halos. It is the ideal product for cleaning polished and glossy substrates. In addition to the cleaning action, our product provides sanitizing protection due to the presence in the formulation of Quaternary Ammonium Salts.

CIBERNET acts in a delicate way in the cleaning of polished or brushed marbles and it does not remove the waxes present on terracotta, grits or other stone surfaces.

YIELD

The yield varies from 5 to 50 m² of surface with 1 L of product.

APPLICATION

CIBERNET can be applied with accessories for manual use or with scrubbing machines depending on the type of surface to be cleaned. Dilute CIBERNET to 10% with water, applying it with spray or cotton cloth. For floor washing machines dilute to 3% in water.

ALWAYS CARRY OUT TESTS BEFORE USE

Anyone, before use, needs to know the characteristics of our products by reading the label affixed to each package, the technical data sheet and the safety data sheet compliant with Regulation (EC) 1272/2008 (CLP) (and subsequent amendments and adjustments) and of Regulation (EU) 2015/830, or eventually by contacting us directly. However, we recommend to strictly follow the instructions given or received.

We also recommend to carry out a preventive sampling to detect any unexpected results with respect to the method of application or the quality of the result. Keep the package well sealed and out of the reach of children. Aerate the working environment well during and also after the application of the product.

Do not eat or drink when using this product.

RECOMMENDATIONS

CIBERNET can be used on all surfaces. The product cannot stand freezing, store it in well-closed and well-protected places, at a temperature not lower than 10 °C. Always protect yourself with mask, gloves and protective clothing.

NOTE

Our indications and technical advice, both given by voice or in writing, refer to our personal best knowledge and do not include any guarantee against third parties.

We kindly invite you to adapt our products to your needs and working conditions: methods of use and processing techniques are exclusively under the responsibility of the buyer.

As far as we are concerned, we guarantee constant quality in our supplies within our general conditions of sale. Should you verify our liability for any type of damage, the liability is limited solely and exclusively to the value of the goods supplied by us and used by you.
